Meg Scully, LPA Staff

Annually, the DCHC MPO is required by federal regulations to prepare a Unified Planning Work Program (UPWP) that details and guides the urban area transportation planning activities. Funding for the UPWP is provided on an annual basis by the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA). The UPWP must identify MPO planning tasks to be conducted with the use of federal transportation funds, including highway and transit programs. Attachment 10 is the draft FY 2015-2016 UPWP. The MPO Board released this draft for public comment at their 1/14/2015 meeting. A public hearing must be held by the MPO Board prior to UPWP approval.

TC Recommendation: Recommend that the MPO Board hold a public hearing on the draft FY 2015-2016 Unified Planning Work Program at the February 11, 2015 meeting

9. **Draft 2014 Environmental Justice Report Presentation (9:50-10:10)** [15-131](#)
Lindsay Smart, LPA Staff

Every four years, the Federal Highway Administration and the Federal Transit Administration are required to review in full the planning processes of any metropolitan area that contains a population over 200,000. This is otherwise known as a Transportation Management Area, or TMA. This certification review is for the Durham-Chapel Hill-Carrboro Metropolitan Planning Organization (DCHC MPO or also DCHC, for short) and evaluates whether DCHC MPO is in compliance with federal regulations. The 2011 compliance review included a corrective action to "update the Public Involvement Policy and include a robust EJ section." The MPO updated the Public Involvement Policy with an EJ section and in anticipation of the 2015 compliance review, has prepared a full Environmental Justice Report for the MPO area.

The TC reviewed the draft EJ report and provided preliminary comments. On January 30, 2015, FHWA reviewed and approved the draft EJ report.

TC Recommendation: Recommend that the DCHC MPO Board release the draft 2014 Environmental Justice Report with recent comments from TC incorporated, for public review and comment.

Board Action: Review the draft EJ report and provide comments. Release the draft 2014 Environmental Justice Report for public review and comment.

On December 4, 2014, the N.C. Department of Transportation released the draft 10-year State Transportation Improvement Program (STIP), which schedules the projects proposed for full or partial funding across the entire state for the years 2016-2025. The first five years of project programming is called the STIP and the latter five years of project programming is called the developmental program. The STIP is updated every two years.

The projects included the STIP that are located in the DCHC MPO area become the basis for the development of the MPO's draft FY2016-2025 Transportation Improvement Program (TIP). In the MPO's TIP there are projects that were prioritized through the Strategic Transportation Investment (STI) process, there are projects that were exempt from STI, and there are projects that were prioritized and selected by jurisdictions and the MPO.

On January 5, 2015, a TC subcommittee met to review and discuss the draft TIP. Questions and comments from the subcommittee were collected and compiled into a Memorandum to the NCDOT from the MPO Board. The Memorandum will serve as the basis for discussion during the Priority Review Meeting (One on One meeting) that is scheduled for Wednesday, February 11, 2015 with NCDOT, MPO Board members, MPO TC members, local staff, and other stakeholders.
